may surprise you but it's Noah and the flood. We're before educated folks are up their noses and say it's a fake. You remember how hard Noah had to work a long time to build the ark. It was uphill battle to get it, at best to go on to build it. It was a sweating day after day and a hot sun building a boat.

Teachers' Institute.

The Teachers' Institute which was held at the Graded School building last week, was pronounced by those who have attended institutes for a quarter of a century to be many counties, the best ever attended. This statement demonstrates several facts which must be of interest to the people of Springfield and Washington county; viz., that Prof. Colvin, who conducted the Institute is second to none in the state in his knowledge of educational needs, as well as Instructor of Institutes; that no county has a superintendent who has the welfare of the schools of the Commonwealth more at heart than Mr. Bush; that there is no body of more interested and enthusiastic teachers in the state of Kentucky than Washington County's.

The Institute was full of interest and enthusiasm throughout—every discussion was full of life and interest—in fact we have come to the conclusion that there is no such thing as a "dry subject" in the course. Whatever the discussion Prof. Colvin could find so many hidden beauties, so rich and rare that the teachers were eager for the time to point them out to their own pupils. Among his addresses which would have been of general interest to the public were the following which were enthusiastic and inspiring and which those present considered themselves fortunate to hear: "The Relation of the Schools to the Government of the People by the People," "The Ideal Aims of the Schools of Kentucky," "History, as a Teacher of Life by Example," and a defense of the ignorant and poverty stricken children in the hills of Kentucky. The following visitors gladdened the teachers with either beautiful and inspiring or instructive addresses: Mrs. Charles P. Weaver, of Louisville, Kentucky, who spoke at the Court House on Education in Kentucky; Prof. McHenry Rhodes, of Owensboro, "What Kentucky's High Schools and Universities are doing for her People;" Dr. M. W. Hyatt, of Springfield, "Sanitation and Prevention of contagious diseases in Schools;" Prof. Harmon, of Bowling Green Business College, made a beautiful address in defense of the poor and ignorant of Kentucky and Miss Reed of the Western Normal gave a beautiful and inspiring address on the "Search for the Truth."

With Prof. Colvin and Mr. Bush at its head, the cause of education can but make rapid progress, it is up to the teachers and patrons to co-operate with the plans Mr. Bush has labored so hard to make and our schools will soon rank second to none in the State. Whether one thinks so or not, these men are the best friends of the people of Washington county and should be appreciated by them. It is to be regretted that every body could not have heard some of the good things said last week; if this could not have been the interest and enthusiasm of the teachers need not lose any of the fervor gained during the Institute, for their patrons must have had something of the same feeling.

The following resolutions were adopted:

Resolved, we thank the Board of Trustees of the Springfield Graded School for the use of their building.

That we thank Jailer G. D. Calvert for the use of the Court House for the evening entertainment.

ments, and the Committee on Music and the musicians for the excellent music furnished, and our various visitors for the interest shown in the Institute.

That we return our thanks to the two county newspapers, published at Springfield, for lending to us a column in their paper for educational purposes, and that we therefore appoint an editor for the coming year, and urge every teacher to subscribe for these papers, our state educational journals and other educational periodicals.

That we recommend to our County Board of Education that for the faithful performance of the extra duties imposed upon our County Superintendent in supervising the rural school monthly examinations be allowed at least \$50.00 per annum. That we greatly appreciate the visit of Mrs. Chas. P. Weaver and urge upon the teachers to use their best efforts to organize a School Improvement League in their respective Districts.

That we find in G. W. Colvin an able and genial instructor and that in our opinion this has been our greatest and best Institute, and request our Supt. to employ his services for next year, and that for his services this year be allowed \$50.00.

That we join hands with our County Supt. in the general uplift of the educational interests of our county.

Mackville.

School opened here Monday with J. H. Moore, Ada Arnold and Ora Bottom as teachers. The enrollment for the first day was the largest in the history of the school. With the hearty co-operation of the patrons assured a most successful term is promised. Mackville is certainly noted as an educational center as eighteen teachers went to work from here Monday and we have in our midst twenty-six retired teachers. The trustees election Saturday was hotly contested, the contests for the office being S. D. Jamphill and D. H. Mathery which resulted in a tie vote, sixty-nine votes being cast for each. As no one was elected the present incumbent, S. W. Arnold will hold the office for the next term. The Literary Society will give an entertainment here Saturday evening, Aug. 12. This society is a strong factor in our social and educational life.

Treasurer's Report of Graded School

In response to a request from "Taxpayer" published some weeks ago in one of the local papers we are publishing a statement of the accounts of the Springfield Graded School, together with a comparison with the Bardstown Graded School. This request of "Taxpayer" would have been granted sooner but for the fact that the School year ended June 30, 1911 and a full settlement would then be made by the Treasurer and the necessary information accurately and fully given; another cause of delay was getting information from the Bardstown School.

The following statement is taken from the Treasurer's Settlement which can be found on file in the office of the County Clerk, and is a report made by the Treasurer to the County School Superintendent or by an examination of the Treasurer's Books which are always open to the inspection of the public.

AMOUNTS RECEIVED	
Balance on hands from settlement made June 30, 1910	\$ 424.99
Taxes on \$1,114,088 at 50 cts on \$100.00	557.04
Taxes on 997 titles at \$1.50 each	149.55
L. & N. Franchise tax	25.58
State money on 432 pupils	1702.08
From County Board of Education for High School	1200.00
Tuition 1910 collected since last settlement	32.70
Tuition 1911 collected to date	73.75
Total amount received	80,647.04

AMOUNTS PAID OUT	
Principal's Salary	\$1500.00
Salary of all other Teachers	3900.00
Janitor's Salary	240.00
Treasurer's Salary	250.00
Amount carried to Sinking Fund	1000.00
Paid on Heating plant (balance)	600.00
Fire escapes	350.00
Painting and other repairs	485.00
Supplies and incidentals	151.43
Coal	254.90
Water and Ice	80.00
Insurance (J. I. McElroy)	60.00
Delinquent Tribes and property	90.39
Total	\$9997.95
Deficit	\$ 420.91

A comparison of the Springfield Graded School with Bardstown Graded School, for School year ending June 30, 1911.

	Springfield Graded School	Bardstown Graded School
Bonds issued for School Building	\$ 14,000.00	\$ 30,000.00
Taxable property in District	1,114,088.00	1,818,741.50
Total amount of taxes collected	5,513.62	8,517.17
Whisky withdrawn	450.00	450.00
Received from State	1,702.08	1,946.30
Tuition	73.75	600.00
Tuition from County High School	1,200.00	
Total receipts from all sources	9,847.04	7,862.47
Principal and teachers salaries	5,400.00	5,400.00
Janitor's Salary	240.00	240.00
Tax rate on \$100.00	.50	.25
Number of Pupils in District	432	495
Average attendance	330	180
Number of teachers employed	9	9

As shown by the above, although the tax rate of the Bardstown school, is just 1-2 of that of our school, yet the total amount received by our school exceeds that of Bardstown by only \$1,884.70, and when it is remembered that we received \$1,200.00 from County Board of Education for taking care of County High School, the difference is just \$468.70. While the salaries paid our teachers exceed that paid at Bardstown \$200.00 yet we employed 9 teachers while they only employed 6. Their average attendance being 180 while ours was 330, therefore, it was necessary for us to employ more teachers. The salary of the teachers employed is about the same as ours, except we paid principal and high school teacher salaries aggregating \$2040.00 while they paid \$1,700.00. It has been our policy to increase our teacher's salaries to such an amount as would fairly compensate them for their services. The average salary of the teachers, excepting principal, being less than \$500 per year, which seems to us small enough. During the last school year repairs and other expenses were very much more than former years as will be seen by the Treasurer's report which is published in this week's issue of this paper.

The present Board of Trustees have served continuously since this school has been established until the present time without compensation of any kind and some of the members have given liberally of their time to this work and while it is a position in which many difficulties and unpleasant duties naturally arise, we think that the present Board of Trustees have done their duty as they saw it.

It is true that the Treasurer of the district receives a salary of \$250.00 per year, but if this contract had not been made with him by the Board his commissions, fixed by law, for the past year would have amounted to \$281.88 \$1,496.68 of the amounts paid out this year were for heating plant, fire escape and painting and repairs which is in the nature of extraordinary expenses and may not occur again for many years.

Of the \$14,000 of bonds issued \$5,000.00 have been paid off and we estimate, taking the increase of property in District into consideration, that all bonds will be retired in 8 years.

Gasoline Takes Fire.

While a sign painter was pour-
ing gasoline from one can into
another in the harness room of
the Bobbitt and Brown Live-
Stable yesterday morning, the
liquid took fire and soon the en-
tire room was in flame, and it
was only by the hardest work on
the part of the Live Stable pro-
prietors and employees that a
large fire was prevented. No
reason is known as to how the li-
quid was ignited as the painter
was pouring the contents of one
can into the other when the blaze
shot up into his face, rendering
him speechless for a time.

Settles.

Mrs. Louisa Settles, wife of
Joe Settles died at her home on
last Sunday afternoon after an
illness of about two years.
Prior to her marriage she was a
Miss Reed, being a daughter of
Heeson Reed. She was 58 years
of age and a good christian woman.
She is survived by her
husband and four children.
The funeral was conducted
Monday at New Hope by Rev. Otis
Hamilton.

Wall.

Mrs. Tom Wall died suddenly
on last Sunday afternoon. In
company with her family she

had started to church at New
Hope and while on the way was
stricken. She was taken into the
house of some friends where
she died in a few minutes, the
cause of her death is supposed to
have been some indigestion.
She was a member of the church
and was well known to all who
were acquainted with her.

Veteran Answers Last Call.

One more veteran of the civil
war answered to the final roll
call in the Great Beyond when
Mr. Frank Hall, a native of this
county, died at his home in Lex-
ington, after a long illness, on
last Friday, after having lived
battles for nearly three quarters
of a century.

Mr. Hall was born in Marion
County May 30th 1838, and when
a young man was united in mar-
riage to Miss Bernett Richerson,
to which union nine children
were born.

When his country was in need
of its services and had called on
her loyal sons to come to her de-
fense, in the noble patriotism of
his loyal heart, he answered that
call and participated in some of
the leading battles of the Civil
War. His fearlessness in the
discharge of his duty is attested
by the fact that he was wound-
ed in that great struggle and by
the high esteem in which he was
held by his comrades.

Aside from his record as a private
citizen demonstrated that he
knew how to be patriotic in
his civil as well as in his mil-
itary life.

Funeral services were con-
ducted at Bethlehem August 5th by
Rev. W. H. Williams and the re-
mains were laid to rest in the Ce-
metery at that place.

May the sad rest lightly over
the one who sleeps in Bethlehem's
silent City of the Dead.
